Creamed Dried Beef—The sliced beef should be looked over, the rind and fat removed and the slices broken into smaller pieces. As it is usually well smoked it is best to put it into the frying pan, cover with cold water, heat quickly to the scalding point and drain; this removes a part of the salt and smoky taste. Add to the pan one tablespoonful of butter and, when melted, dredge in one tablespoonful of flour, stirring until absorbed. To this add a half pint of milk and stir until the sauce is smooth and thick. Taste and add seasoning as desired, then simmer for five minutes longer.

Oysters and Macaroni—Break one-half of a cupful of macaroni in short pieces, drop into boiling salted water and boil until tender, then drain, rinse in cold water and let stand in a bowl of cold water until ready to use. Pick over and wash one pint of oysters. Butter the bakers and in each put a layer of the drained macaroni. Lay in each six of the oysters, add salt, pepper, one-eighth of a teaspoonful of butter cut in bits and one tablespoonful of thick sweet cream. Sprinkle with buttered bread crumbs and place in a hot oven just long enough to brown the crumbs.

There are thousands of just such lonely girls all over the country—refined, well-bred, well-educated girls who, by reason of their environment, are cut off from desirable associations. They will not make unworthy acquaintances, nor will they make acquaintances in unconventional ways. Yet their youth, rebels, and rightly, too, at these conditions.

In fact, so poignant is this situation in New England that an association has been formed under the management of well-known and public-spirited men and women for the very purpose of bringing about introductions between lonely but thoroughly nice people.

But how can this girl solve her problem?

If she were fixed so it were possible for her to do so, one would say, "Go West, young woman, go West."

There are plenty of fine men out there who long for the companionship of nice women. But in her case this is impossible. One thing possibly she can do. If there is any one subject in which she is particularly interested—literature, music, art—if she is near a large city, she can join a class in this. This will bring her in contact with people of the same tastes, and she may make among them the very friendships she craves. It is about the only opening there is for her.

Then—though this suggestion may seem mystical and impractical—if she will prepare herself for the love she wants, it will come to her. There are more mysterious forces in this world than we know of, and these unseen forces are the strongest, the most real. Like attracts like, and if she fits her mind, her heart, her character—in a word, herself—for the companionship she craves, it will come to her as irresistibly as the steel flies to the magnet. From out all the world this desire will draw to itself its fulfillment. It is a law whose workings are at last beginning to be dimly understood. Our own comes to us. We should, therefore, be most careful of what is our own. We may bring upon ourselves that which will cause misery.

This girl may take the few practical steps possible for the finding of right companionship. But of more moment is the preparing of herself for the inflowing of right love. When she is ready it will come. And just the sort she makes herself ready for will come. So she should desire only the purest and finest.

CHICAGO FAVORS SAN FRANCISCO

Golden Gate City Indorsed For Holding Panama Exposition.

STRONG RESOLUTION ADOPTED

Action of National Business League of America in Support of the California City as the Most Desirable Place to Celebrate the Completion of the Panama Canal Bound to Exert a Wide Influence.

The business men of Chicago are for San Francisco as the most desirable site for the exposition to celebrate the completion of the Panama canal in 1915. The National Business League of America, on Oct. 7, adopted a resolution endorsing San Francisco and this action by such an influential body of representative business men is bound to exert wide influence throughout the middle west and the east.

This endorsement, following closely on the failure of New Orleans to secure a Chicago endorsement is particularly pleasing to San Francisco. The resolution follows:

"Whereas, The Panama canal will, when completed, unite the waters of the Pacific and Atlantic oceans and create new opportunities for the advancement of American commerce; and

"Whereas, The citizens of San Francisco, in the state of California, United States of America, have publicly declared their intention of holding an international exposition in the year 1915, under the title 'The Panama-Pacific International Exposition,' to fittingly celebrate the completion of the Panama canal; and

"Whereas, The Pacific coast has an equable and healthful climate, and San Francisco has every modern facility for the comfort and entertain-

ment of a large concourse of people, with ample opportunities for side trips to other coast cities; and

"Whereas, By any route, a pilgrimage to the Pacific coast would be through scenes of beauty and grandeur unrivaled in any other part of the world, the trip to the exposition should be made, at least one way, by a route through the Panama canal, in order that visitors and the world at large may become familiar with that wonderful achievement; therefore, be it

"Resolved By the Board of Directors of the National Business League of America, that San Francisco be, and hereby is, strongly recommended as the proper site for the proposed exposition; and the board further recommends that a line of commodious passenger steamers be established to ply to and fro, through the canal, between the Atlantic coast cities and cities of the Pacific coast, primarily for the purpose of enabling visitors to the exposition to inspect said canal."

Manufacturer of Detroit Boosts the Exposition.

W. B. Knickerbocker, a prominent manufacturer of Detroit, Mich., is an enthusiastic booster for San Francisco in the fight for congressional approval of its proposed Panama-Pacific exposition.

"I believe that if the members of congress could be brought out to California and given a glimpse of things as they exist here they would vote solidly for San Francisco when the exposition matter comes before them next December," said Mr. Knickerbocker.

"It is a human instinct to move westward, and the great movement toward western America is just now beginning. This is a great, marvelous, new country, of which we in the east know next to nothing.

"There is no travel south. The exposition belongs here where the people are coming. They will come to the exposition through the canal and then go back through this marvelous western country. Many, however, impressed by the marvelous resources of California, will remain here for good. This scenery, the mountains, the forests and all the rest of it is not approached by anything in Europe. Thousands of people who now go to Europe would rather come here if they knew what is here. They are beginning to learn. The exposition will do wonders for the west. The interest of the country at large demands that the exposition be held here."

Election News Tonight On Advocate Screen

Every one is invited to come to this office tonight to receive the election returns.

The news will be flashed by the Advocate's stereopticon upon a huge screen in front of the office, and returns will also be posted in the Advocate's brilliantly lighted bulletin window.

No expense has been spared to give the people reliable election news. Besides the Western Union telegraph service this newspaper will receive bulletins at frequent intervals from the U. S. Independent, Central Union and Newark Telephone companies' long distance lines. Special correspondents of this paper have been instructed to wire the returns at the earliest possible moment.

Besides the telegraph service, the election news will be received over four telephone lines leading into the Advocate office.

Owing to the large ballot, the local returns will be late, but early in the evening the wires will begin to bring returns from the east.

INDIGESTION GOES.
Evans' Drug Store Sells Best Prescription on the Money Back Plan.

Almost everybody knows that sick headache, nervousness and dizziness are caused by a disordered stomach. Upset stomach and indigestion happen just because the food you eat does not digest—but lies in the stomach and ferments or turns sour.

You can stop fermentation and stomach distress in five minutes by using MI-O-NA stomach tablets, a prescription that has done more to cure indigestion and put the stomach in fine condition than all the specialists on earth.

A large 50 cents box of MI-O-NA stomach tablets is all you need to get quick and lasting relief. Evans' drug store guarantees them.

Mrs. Alvie Elson of 93 Dun Road, Battle Creek, Mich., used MI-O-NA and within two months was in as good health as ever, and has a good strong stomach and eats anything she likes. She attributes her good health to MI-O-NA.

If you have heartburn, belching of gas, heaviness or any stomach trouble, no matter how chronic, try MI-O-NA stomach tablets on money back plan. Sold by Evans' drug store and leading druggists everywhere.

WORK AND DAVID ARE STRANGERS
Work appeals to some people but Dave Goldberg isn't one of them. Dave in a small way is a soldier of fortune, even if he is only 19 years old, and during his travel he reached the Y. M. C. A. Sunday night and arranged for a bed and his breakfast which that institution paid for, then he tried to talk them into paying his way to Chicago, which he calls his home, but that plea fell flat.
Finally he was turned over to Mayor or Anselmo who secured him a job, thinking that he might work until he got enough money to reach the Windy City, but there and then Dave balked. He began to cry and then to yell, claiming, between outbursts that he was too homesick to work. The mayor couldn't quite figure out that much child-shness in a boy of his age so Dave was sent to the city prison where he will be looked after until his case can be settled.
But he still claims that he is too homesick to work and when a job is mentioned he still cries, so he will probably be turned loose to figure out his own way home since he absolutely refuses to take a job.

ALFRED G. BOOKWALTER
State Secretary of the Y. M. C. A. of Ohio.

Mr. Bookwalter has a keen sympathy for all branches of work. As a boy he worked for the Western Union Telegraph company. In high school he made a specialty of mechanical drawing and took night classes in Dayton Y. M. C. A. For several summers he worked as a hired hand on farms. Later he was cashier in a large grocery in Montana. At Yale he took both his B. A. and M. A. degrees. He pursued a special course in machine shop work in Massachusetts Institute of Technology.

FOR THE THIN AND SCRAWNY.
Samose Will Make You Plump and Rosy, Says W. A. Erman and Son.

If you are getting thin, you are sick although you may not know it. If you are losing weight steadily, there is something wrong that needs looking after. If you have always been thin, it doesn't follow that you are sick, but you may not be healthy. You cannot be strong if you are thin.

Try then to be healthy and plump; it is not difficult if you know how. The only way to increase the weight and gain health and flesh is by using Samose, the standard flesh forming food and tissue builder. It mingles with the food you eat and is assimilated so that all the flesh forming and tissue building elements of the food are retained in the system. This explains the great value of Samose.

Fatness, happiness and health all go together. How seldom you see a fat person who is not happy. On the other hand, thin people are unhappy and nervous. Use Samose and be well and fat and happy.

Weigh yourself before you begin using Samose. It will not cost you a cent unless it increases your weight and restores your health. W. A. Erman & Son sell every package on a genuine guarantee to refund the money if it does not do all that is claimed for it.

Judge Nicholas of Coshocton, will be in the city on Wednesday, at which time several applications to admit to bail have been set for hearing on behalf of the defendants indicted for first degree murder for participating in the lynching of Carl Etherington on the night of July 8. Several affidavits have been filed in support of the motion. It is expected that Assistant Attorney General Miller will be present.

Annulled Damages.
In the United States court at Columbus on Monday Judge Sater overruled a motion for a new trial in the case of Arthur D. McMullen, a former well known B and O railroad brakeman of this city, in which McMullen was given a verdict for \$5,000 for the loss of his left arm five years ago. McMullen alleged a faulty coupling in trying to fix which he was injured. On May 5, McMullen commenced suit in the Common Pleas court for \$15,000 damages for the loss of an arm. A petition was filed for the removal of the case to the United States court at Columbus on June 3, 1905, where it has been pending ever since.

California Solid For Exposition.
Supporters of San Francisco's claim to the Panama exposition in 1915 are confident that an overwhelming display of exposition funds will win government recognition to the fair it is proposed to hold on the Pacific coast. If California is as solidly united on this project as the utterances of California editors would indicate the representatives of that state will appear before congress this winter with a fund of \$17,500,000 raised through private subscription, city bonds and a state tax.
It may be that New Orleans will make some announcement of a heavy raise at the last moment, but the Pacific coast is disposed to believe that its showing will overshadow anything New Orleans can do in the way of furnishing the sinews of war and exposition.—Bisbee (Ariz.) Miner.

SEAYER'S DYSPEPSIA TABLETS.

Have you dyspepsia? If you have perhaps you want to get rid of it. You can by taking SEAYER'S DYSPEPSIA TABLETS. We do not print any pictures of before and after taking. You get them by standing before the looking glass. If you don't believe this, try the tablets and you will. We have proved that SEAYER'S DYSPEPSIA TABLETS will cure dyspepsia over and over again. We are ready to demonstrate it in your case, and we will tell you how. Go to the store of Erman & Son and get a package. Take it according to directions. If it cures you, step in and tell the druggist so. If it doesn't step in just the same, and tell him that, and he will hand you right back the ducats you paid him. Do you suppose this offer would be made if we had any doubts about what the tablets will do for you? Do you see any way that you can lose any money out of it? But if you really enjoy dyspepsia, and want to retain it permanently, let SEAYER'S DYSPEPSIA TABLETS alone, for the tablets won't let dyspepsia alone.

MANAGER SHEA TAKES CHARGE OF AUDITORIUM

Manager Shea, the new manager of the Auditorium theater arrived in Newark today from New York, where he was busy for several days securing attractions for the theater. Mr. Shea was very successful in booking productions for the theater, and he secured an excellent line of bookings for the Newark playhouse.

The theater will open Wednesday, the 16th inst., with the big musical show, "A Winning Miss," and this will be followed on the 18th with the dramatic success of last season, "Alias Jimmie Valentine." This production has had phenomenal runs in every city where it was presented and Newark theater goers are offered a big treat in this production.

Newark's favorite repertoire company will come to the theater the week of the 21st, when Nancy Boyer and her excellent company will be here in a new line of successes. This company

has always been a big success in Newark and the clever little actress has made many friends who will be glad to welcome her and her company.

A WINNING MISS.

"A Winning Miss," with Max Bloom and an all star cast, a new musical comedy by Woolfolk and Atteridge, after a run of all this season in Chicago, will be the attraction at the Auditorium for one night, Wednesday, November 16, and inaugurates the opening of the regular theatrical season in Newark.

Plot, plenty of action, beautiful scenic effect and a large chorus of pretty girls contribute to make this a gala offering.

The songs and music are bright and catchy and of the typical Woolfolk standard of efficiency.

Mr. Woolfolk, who present "A Winning Miss," ranks as a producer of musical comedies, and as he has given his particular and undivided attention to this offering and has succeeded in bringing together the strongest support that has ever surrounded Mr. Bloom.

The company numbers sixty people and carry an augmentation to the theatre orchestra making 14 pieces.

JUDGES SELECTED FOR POULTRY SHOW

Plans are being made for the holding of the annual poultry show and this year it will be held from December 20 to 24, and from present indications the display will surpass any previous shows of the Licking County Poultry association.

The judges will be L. A. Stream of Mt. Vernon and Philip Fiel of New Philadelphia, both well known chicken fanciers. The show will either be held in the Armory or Music Hall.

CAN YOU BELIEVE YOUR SENSES?

When two of them, taste and smell, having been impaired if not utterly destroyed, by Nasal Catarrh, are fully restored by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said of it by the thousands who have used it? It is applied directly to the affected air-passages and begins its healing work at once. Why not get it today? All druggists or mailed by Ely Bros., 56 Warren Street, New York, on receipt of 50 cents.

Productiveness of California Lands.

It is interesting to note the products of such a state as California and total the value of all the yield of the soil in the far-western domain. The soil in California produced \$455,369,837 in 1909. Concerned in this were 47,000,000 gallons of dry and sweet wines, 1,242,720 cases of canned vegetables and 3,047,901 cases of canned fruit. The honey crop of California in 1909 was 11,532,000 pounds, the butter 49,595,369 pounds and the egg crop 24,661,589 dozens.

Daddy's Bedtime Story—The Pig's Two Wishes

DADDY gathered the kiddies up into his lap, thought for a moment or two and then told them this story: "There was once a nice little pig named Porky, but he was very unhappy because he had no curl in his tail. As all the other pigs except his mamma and papa laughed and made fun of him he left home one day and said he would never come back again. He was going through the woods and feeling very homesick and lonesome when he came to an old woman sitting on the stump of a tree, and she looked very pale and tired.

"Madam," said the little pig, "can I do anything to help you?" "Oh, I am so weak and hungry," she replied, and Porky at once gathered her a big lapful of nuts.

"That's very nice of you indeed," said the old woman, "and I must do something for you. I am a witch, and if you had called me names or passed on without helping me I might have changed you into a snake or frog. As you are so kind, however, you may make two wishes and they will be granted."

"Well," said the pig, "for one week I would like to be a big hornet and after that a pig with the longest and curliest tail that any one ever saw," and a second later he was a hornet and flying back home to see what was going on there. And he was just in time, too, for his mamma and papa were in trouble. They had such long, curly tails that the other pigs were jealous and were trying to drive them away, but Porky, who was now a hornet, stung the wicked fellows until they squealed and ran into their houses to escape him. And there he kept them all the time, while his mamma and papa lived outside and had all the good things for themselves. How they did laugh at their enemies! Every time one of the bad pigs stuck his head out Porky would sting it on the nose, and he just kept them squealing all the time. Sometimes one would venture out to get a bite to eat, and then the hornet would get on its back and ride all about, stinging the pig all the time.

"Well, on the sixth day after Porky had been changed into a hornet his enemies were almost starved to death and ready to be good all the rest of their lives, so the hornet flew away to wait for his other wish to come true. On the seventh day he found himself a pig again, and oh, what a tail he had! It was longer than his body, with no less than four beautiful curls in it, and when he went back to his home again you should have heard the praise he got. The pigs at once chose him for their king, and he and his mamma and papa lived in the best house in Pigland and were the happiest porkers in all the land."

GREAT WHITE THRONE AND ITS BLESSINGS

Immense Audience in World's Largest Auditorium.

PASTOR RUSSELL

London, Eng., Nov. 6.—Pastor Russell of the Brooklyn Tabernacle, New York, preached here today. Royal Albert Hall held a vast audience of deeply interested hearers. The speaker chose his text from Revelation 12: 11:—
"I saw a great White Throne, and him that sat on it, from whose face the earth and the heaven fled away, and there was found no place for them." He said:
"No made moral cowards of our race. From early infancy fear and apprehension, especially in respect to things future, have been impressed upon us. We realize our imperfection, and that our God is perfect, and that perfection is the only standard which he could approve, and that some kind of punishment for sin must be expected. The adversary, taking advantage of our forefathers, misrepresents the Almighty and has used our fears to alienate us from him and to wrest and distort his message to us in the Bible. St. Paul assures us that this is Satan's general procedure; that he puts light for darkness and darkness for light. Thus it comes that our text, which is really one of the most beautiful and comforting in the whole Bible when rightly understood, has to many become a lash in the hands of their fears. It is needless to say that our text is one of the symbolisms of a Book filled with symbols. God's people, guided by his holy Spirit, in due time will appreciate these symbols. For many of them the due time is already here. The Throne is Messiah's. It represents his Mediatorial Dominion of earth for a thousand years. Its whiteness symbolizes the purity, the justice, of his Kingdom of righteousness under the whole heavens. The heavens and earth which will flee away from the presence of the great Emmanuel will not be the heavens of God's Throne, nor the earth which he has given to the children of men. The heavens and earth which will flee away, and for which no place will be found, are, of course, the symbolical ones. In Bible symbology the earth represents established civilization; the sea represents the restless, dissatisfied masses of humanity. The mountains symbolize human governments, kingdoms, which constitute the backbone of present spiritual influences—Ecclesiasticism, Churchianity. Thus interpreted, our text declares that when Messiah shall assume control of the world; when he shall sit upon his Throne; when he shall exercise rulership amongst men, the result will be that the social system of today, as well as the present day ecclesiasticism, will flee away, will pass out of existence—no place will be found for them.

Satan Now the Prince.

Some man may be inclined to ask: Has not Christ been the great Ruler of the world for these past nineteen centuries? And whatever may be said of the four thousand years before the coming of Christ may it not be claimed that he has been reigning ever since his ascension to the right hand of the Father? We answer that if this be true; if the Redeemer of men has been reigning as the King of earth for these nineteen centuries, there should be something in the Bible to so teach. But we find nothing. On the contrary, we hearken to the Master's own words telling us that Satan is the Prince of this age (John xiv, 30). We hearken to him again telling us, "My Kingdom is not of this world (age)" (John xviii, 36). Again he says, "I will come again and receive you unto myself" (John xiv, 23). Again he tells us that he went into a far country to receive the title to his Kingdom, then to return to take possession of it (Matthew xli, 33; xlv, 14); and that at his second coming he will be the great King of glory. He tells us the same thing in Matthew xvi, 28: "When the Son of Man shall come in his glory, and all the holy angels with him, then shall he sit upon the throne of his glory."

On the other hand, as we scan the pages of history during the past eighteen centuries, we are convinced that Messiah has not been the King of the world. To think of him as such, with the omnipotent power which we accord to him, would be to charge him with responsibility for bloody and atrocious persecutions and wars and famines and pestilences. Surely no right-minded person, after mature consideration, can rationally accept the theory that the glorious Messiah's reign of righteousness for the blessing of the whole earth, the uplifting of every creature, and the bringing of all possible into accord with God—none of us could think that that reign of the great Mediator between God and men is in the past. We must agree with our text that it is in the future, and that, when established, its effect upon the institutions of the present—political, social, financial, religious—will be such that they will flee away; no place ever more will be found for them. At this standpoint there is hope; but from no other standpoint. We are living today at the very climax of civilization. Yet today we behold more clearly than ever before that the deeply ingrained selfishness

of humanity is a blight upon all the blessings and conveniences and advantages of our day.

The Curse of Selfishness.

I need not do more than remind you that selfishness is to be found in every one of us, and that a semblance of righteousness is insisted upon by us all and adhered to, and violators of it are styled criminals. Nevertheless it seems impossible to legislate equity, justice. The keen intellects of men find opportunities for circumventing the laws and for committing theft and murder and sin in the face of laws and without danger of being punished.

Let us illustrate this: We have heard of the famines of India and how the British Government has spent millions of "Pounds Sterling" for irrigation purposes to compensate for irregularities in the rain-fall. Undoubtedly the famines are to some extent due to water scarcity. Nevertheless, one of the ablest of our engineers informs the world that there has not been in fifty years such a scarcity as should have created the famines. The famines of India, which have cost the lives of millions, are to be accredited to greed—selfishness which has flourished under the shadow of the law. Wealthy milling concerns purchase the rice from the natives and grind it into flour. By agreement between themselves they do not compete, but press the market price of rice lower and lower until the poor native, unable to make a profit, declines to plant, care for and harvest the crop. As a result there is famine. The poor natives suffer; but the managers of the milling properties pay large dividends of from fifty to one hundred and fifty per cent. on invested capital to the wealthy owning them.

As an illustration of the exorbitant profits I will relate a case: Two young men whose accumulated savings amounted to thirty thousand rupees (about two thousand pounds, or ten thousand dollars) invested it in rice-milling. Their profits for the first year were eighty thousand rupees—about five thousand pounds, or twenty-five thousand dollars. They were not in the combine to depress the price of rice, but they profited by what the combine accomplished. These inequities of our present social order are beyond the reach and correction of the comparatively few men of ability not directly or indirectly interested in them.

The White Throne Judgment.

Neither Jehovah nor his great Representative, Messiah, can in any sense or degree be a party to injustice or inequity. The fact that injustice has been permitted, and that inequity has been the rule for centuries, is to be accounted for by the other fact that during all this period the world has been under the reign of sin and death, and not under the reign of righteousness and life; it has been under the reign of Satan, "the Prince of this world" and of the darkness of selfishness and evil—all of which his name represents—and not under the dominion of Messiah, the Representative of Jehovah, and his righteousness; not under the King of glory, the antitypical David and Solomon, the antitypical Aaron and Melchizedek. The New Dispensation which Messiah's Kingdom will usher in is pictured in our text. It will be the dominion that will be world-wide—pure, holy, righteous, just, truthful, God-like—a great White Throne. No wonder we read that the symbolical heavens and earth, representing the old order of things—social, ecclesiastical—will all vanish away.

But let no one think for a moment that ecclesiastical princes, financial princes and political princes will voluntarily acknowledge that the hour has come for a full surrender to Messiah and to all the principles of his absolute righteousness. On the contrary, these privileged members of our race will more and more be drawn together for mutual protection—for the preservation of the special privileges which have come into their possession. Even now we see the prophecy of the Second Psalm fulfilling. We are in the very time when the Lord, through the Prophet David, calls the great ones of the earth to recognize the true situation of our wonderful day—that it means that the Day of Messiah has arrived, and that he should be recognized and his principles of righteousness obeyed.

The call is recognized. Salute the Son, O ye kings of the earth, while ye are in the way with him, before his anger be kindled and ye perish by the way (Psalms ii, 10-12). But no, the prophecy declares that we are in the day when the people, the masses, will have foolish imaginations—when they will think that by their own strength they can inaugurate a reign of righteousness along the lines of Socialism or by anarchy. The people must learn that their help is in the Lord and not in their own frail arm. The people must see the force of the statement, "Blessed are all they that put their trust in Messiah" (verse 12). The Lord is about to establish the great White Throne of absolute justice in the world.

On the other hand, the money kings and earthly rulers and ecclesiastical princes are taking counsel together today for the preservation of the present inequities of the world, by which they are profiting. The Lord declares that in this they are banding themselves against him and against the newly-appointed King, Messiah. For over a century human liberty has been making progress, in spite of every endeavor to restrain it. The potentates of earth oppose the rising tide of human intelligence and demands for equal rights. They perceive that unless something be done to counteract this general movement, the special privileges of the privileged classes will disappear. They are even now

taking counsel together how the restraint, which the people are putting upon them, may be broken and a reign of anarchy—political, financial and religious—be re-inaugurated; a reign such as prevailed centuries ago, but now upon a higher plane, controlled by brighter wit, bolder under-restraint more intelligent manners.

"Be Instructed, Ye Judges!"

Would that the cultured and influential princes of earth could take the proper view of the situation and realize the fallacy of their counsel, the impossibility of averting the great changes which are upon us by reason of the time having come for Messiah to take unto himself his great power and reign! Hearken to the Lord's words through the Prophet, "Be wise, now, therefore, O ye kings! Be instructed, ye judges of the earth. Serve the Lord with fear and rejoice with trembling. Do homage to the Son" (vs. 10-12). Could the wise of earth realize the situation and fully submit themselves to the Divine requirements of absolute justice and truth, what a blessing it would be to the world! If these princes would turn their attention from the grasping of power and money to the enlightenment and uplifting of the people they would become ministers, servants, of the New Dispensation, which would be ushered in with rejoicing. But the Lord informs us that this will not be the case and that, as a result, Messiah's Kingdom will be ushered in by "a time of trouble such as was not since there was a nation" (Daniel xii, 1). The Psalmist tells us the same—God will have in derision the puny efforts of the worldly-wise and great to re-establish autocracy. He will speak to them in his wrath the lesson which they refuse to hear by loving exhortation. The new King and his Empire will be established in the earth, and the declaration is that amidst such Divine displeasure he shall "break them with a rod of iron and dash them in pieces like a potter's vessel" (Psalm ii, 9; Revelation ii, 27).

Small and Great to Be Judged.

God is no respecter of persons. Hence, before his Judgment Throne punishments will be meted out to the little, as well as to the great, when found to be violators of the principles of justice. Would that I could impress this upon many of the lower classes who are crying out against the injustices in high places while practicing similar injustices themselves. Let it be remembered also that the great White Throne speaks blessings, Divine favor and uplifting to all who love righteousness and hate iniquity—the little and the great.

If in the past a certain retributive justice has seemed to proceed along national lines, blessing the nations which take the more righteous course, and frowning upon those which take the more evil course, this will no longer be the case in the not distant future. The testing imposed by Messiah's Kingdom will be along individual lines. He that eats the sour grape of sin will find his teeth on edge, and his alone. "Justice will be laid to the line and righteousness to the plummet" and all the refugees of lies, by which mankind in high places have sought to fool themselves and others, will be swept away. The hidden things of darkness will be brought to light and the glorious things of light will be everywhere recognized. Ultimately "every knee shall bow and every tongue confess" to the enthroned Messiah.

"The Books Will Be Opened."

The Master said, "My Word shall judge you in the last day." Happy has it been for the comparatively few who have heard the Master's Word in a present life, and have judged themselves thereby, and submitted themselves to his righteous precepts! These blessed ones will share with Messiah the glories of his Spiritual Empire, invisible to men. But during the Thousand-Year Judgment Day of the world (11 Peter iii, 7, 8) the same words—the "wonderful words of life" to those who will obey, and words of death to those who will refuse obedience—will be the standards of justice for all mankind. The books then to be opened to all will include, not only the words of the Master and of the Apostles of the New Testament, but also the Divine message through the Prophets of old. Then all shall see the oneness and harmony of the Divine message of righteousness. According to those standards each who would have eternal life must conform his living and his thinking. The approved, at the end of Messiah's reign, will be delivered over to the Father perfect as human beings. The disapproved will be destroyed in the Second Death—without hope (11 Peter ii, 12; Jude 12; Acts iii, 23).

Another book of life will be opened—another besides the one that is now open, which is styled the Lamb's Book of Life, and in which is written the names of his faithful followers of the present time—"members of his Body," "the Royal Priesthood," "the Bride, the Lamb's Wife." The new book of life will be for those who will be on trial during Messiah's reign. By its close it will include all of Adam's race found worthy of eternal life.

The judgment of the Church in the present time is not according to works, the perfection of which, under present conditions, would be impossible. Hence the Church's judgment is according to faith and the obedience of faith possible. But the world's judgment will be according to works, for the knowledge then will be so great that faith will no longer be at a premium. The great Mediator will accept of imperfect works according to the ability of the people; but, as they rise out of degradation, more and more will be required of them until in the end they will be perfected and absolute perfection of works will be required.

SCHOOL GIRLS WHO GROW PALE

Need the Blood-making Tonic Treatment That Cured This Young Woman at South Portland.

Any growing girl who finds that her strength is failing and she is becoming pale and nervous, has no ambition and is languid, can be certain of the fact that her blood is failing to meet the demands made upon it, because it is impure and thin. She is suffering from chlorosis, which is simply a form of anemia, or bloodlessness. She should at once be taken to strengthen the system by building up and purifying the blood. Dr. Williams' Pink Pills do this so well and have cured so many cases of chlorosis that they may justly be called a specific for this common disease of girlhood.

Mrs. Philip H. Smart, of No. 125 Smith street, South Portland, Me., says: "While attending school I caught cold and suffered from weakness for about a year. I was all run down and did not have a particle of color. My parents thought I was going into consumption. I was short of breath and was subject to fainting spells. My limbs seemed to be all tired out and I had hardly enough strength to get around. My stomach was so weak that whatever I ate caused me a great deal of pain. My kidneys were affected and I kept growing weaker and weaker. I finally had to quit school."

"I did not improve much under the doctor's treatment of about six months and later gave Dr. Williams' Pink Pills a trial. Soon I could see that I was gaining in flesh and strength. There was plenty of color in my cheeks. My appetite improved and I was cured. I certainly think Dr. Williams' Pink Pills are a wonderful remedy and cheerfully recommend them."

Dr. Williams' Pink Pills were originally a prescription used in the doctor's private practice and their benefit to mankind has been increased many thousand-fold by their being placed on general sale with the doctor's own directions for use. They contain the elements necessary to make new blood and, as the nerves get their nourishment from the blood, have been found invaluable in a wide range of diseases of the blood and nerves. A helpful pamphlet, "Disease of the Blood," will be sent free on request. Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes \$2.50, by the Dr. Williams' Medical Company, Schenectady, N. Y.

MINORITY MEN MAKE REPLY

We scarcely deem it necessary to reply to the articles appearing in last evening's papers under the caption "Reply to Minority Report, Board of Appraisers," yet must we take issue with the signers in the matter of several misstatements and ignore those dealing in personalities. We believe that what the taxpayer wants is the truth.

In the first place, whether or not the county auditor has filed our minority report as requested, he has it at least in his possession, and has had it since Saturday afternoon unless delayed in the mail. Moreover, the Board of Review has a copy of same with recommendations. And to the still further interest of the tax payer of Newark, the Ohio State Tax Commission, the highest tribunal in matters of taxation, likewise has a copy in their possession. Our efforts shall not cease until justice is done, if it is possible for us to accomplish that end.

The statement that no minority report was offered the Board is ridiculous. Our refusal to sign the First Ward report was the outcome of a series of bitter objections: the refusal itself implied a minority report which it would hardly seem necessary to explain through the medium of the press.

Again, as to the fact that we were about 200 parcels off in our estimate of parcels in the First Ward, that statement is so palpably in error that we only ask those interested to count for themselves the number given in the pamphlet.

As a matter of fact, the law itself seems in some particular, lame, in that it seems to permit one member of the Board, equipped with the necessary audacity, to appraise his own property at his own price, provided there are two other "good fellows" on that Board who do not want to see him "get into trouble."

In conclusion, we reiterate that every word and every figure in our minority report is true in fact and substance.

THIEVES ROB EAST NEWARK BARBER SHOP

The barber shop of John Cerovsky, a foreigner, on Walnut street, between First and Second streets, was entered and robbed Monday night, but the thief secured little plunder for his pains. The shop was closed early in the evening and the fact that it had been robbed was not discovered until Tuesday morning. Entrance to the room was gained by forcing a window with a broom handle, one end of which was whittled down so that it would fit under the sash so that leverage could be had in lifting the window. An accordion, a hair brush, scissors and other small articles were taken by the thief. The matter was reported to the police and Patrolman Gorman ordered to investigate.

BUILDING IN GRANVILLE WAS QUITE BRISK

Past Season Witnessed the Erection of Many New Buildings—News of College City.

Granville, Nov. 8.—Building operations in Granville for this season have about come to a standstill, though several houses are yet in course of construction. The past year has been a remarkable one for Granville in the building line. A large number of new houses have been erected, and many additions to buildings have also been made. There will be some building during the winter, but nothing to speak of. It is confidently expected, however, that next spring will see a building boom inaugurated in Granville. Quite a number of people who have purchased lots in the new Sheppard addition are figuring on building, and altogether the outlook is very promising.

The Ohio Fuel recently finished its well on the Martin Brown farm, in Liberty township. It came in for a quarter of a million or more. The Logan company has completed No. 2 well on the Frank Jones farm in Eden township, and it shows a volume of two and a half million. It has made another location on the Charles Hock farm in the same field.

The members of the Beta Alpha Delta fraternity entertained a number of friends very handsomely at dinner at their chapter house. The guests were Miss Ruth Johnson, Urbana; Miss Pratt, Urbana; Miss Mary Patterson, Mt. Vernon; Miss Mabel Smucker, Newark; and Mr. and Mrs. A. M. Davidson, Granville.

The Logan company has a rig up on the Edward Young farm, east of Fredonia.

Miss Nina Binger, D. U. '10, who is teaching in the high school at Lexington, O., and her mother, also Miss Sallibill of Mansfield, have returned home after a pleasant visit at the home of Mrs. Charles Thornton.

There are still a few old fashioned people who prefer to drive a horse rather than pump up an automobile. Mr. Harmon Patterson of Johnstown, has accepted a position as blacksmith in Granville.

The funeral services over the remains of the late Mrs. Julia Powell, who died at the home of her sister, Mrs. Sharer, in Hebron, were held in the Baptist church, this place, Monday afternoon, conducted by the Rev. C. J. Baldwin, and the interment was made in the Maple Grove cemetery.

Firearms in the hands of boys too often result in fatal accidents. Inexperienced youth and a shot gun is a dangerous combination.

After a short visit in the village, the guests of friends, Mr. and Mrs. Robert Hunt have returned to their home in Franklin, Ohio.

Now is the time to begin saving on the pennies, nickels and dimes for that Thanksgiving turkey. It will require the united efforts of the entire family to scrape up enough to pay for the festive bird.

J. S. Johnson and family who have been living on North Granger street for the past two years, have moved on a farm near Kirkersville.

The crisp November air is prescribed as one of the best tonics that can be taken at this season of the year, and you cannot take too much of it. Fill your lungs full, exercise and fortify yourself against winter colds and ailments.

A Reader Cures His Constipation—Try it Free

Simple way for any family to retain the good health of all its members

The editors of "Health Hints" and "Questions and Answers" have one question that is put to them more often than any other, and which, strangely enough, they find the most difficult to answer. That is "How can I cure my constipation?"

Dr. Caldwell, an eminent specialist in diseases of the stomach, liver and bowels has looked the whole field over, has practiced the specialty for forty years and is convinced that the ingredients contained in what is called Dr. Caldwell's Syrup Pepsin has the best claim to attention from constipated people.

Its success in the cure of stubborn constipation has done much to displace the use of salts, waters, strong cathartics and such things. Syrup Pepsin, by training the stomach and lower muscles to again do their work naturally, and with

its tonic ingredients strengthening the nerves, brings about a lasting cure. Among its strongest supporters are Mr. John Gravelin, of 28 Milwaukee Ave., Detroit, Mich., Mr. J. A. Vernon of Oklahoma City and thousands of others. It can be obtained of any druggist at five cents and one dollar a bottle, or if you want to try it first a free sample bottle can be obtained by writing the doctor.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. E. Caldwell, 341 Caldwell building, Monticello, Ill.

LATHAM

(Continued from Page 1.)

again toward Charles street. Curving around the Belvedere hotel, he flew to about the line of Calvert street, and there, some 2,000 feet in the air, performed a series of aerial gyrations.

Then he struck off for the skyscraper district again. Over the Sun building he wheeled westward, and near the edge of the city bore away southwest for the aviation field. On reaching it, he was overwhelmed with congratulations by his fellow aviators and friends.

There were real competitions at the aviation field, being the first thus far shown the public here. Here

again Latham came to the front by winning first in the duration and also in the distance contests. Count Jacques de Lesseps, in his Bleriot, took second place in the altitude and in the duration, and J. Armstrong Drexel, sailing a Bleriot, won the first prize for altitude. His record was 1,886 feet, while Count de Lesseps scored 1,722 feet.

Latham took first duration prize by remaining in the air a total of 47 minutes 31 seconds. DeLesseps remaining aloft 30 minutes 42 4-5 seconds. The latter tried for altitude, but was compelled to descend after reaching a height of 820 feet because of motor trouble.

Three minutes before the closing bomb was fired Willard began a short flight in a Curtiss biplane. Latham's flight over the city did not count in his duration score, as it was finished before the official opening of the day's flights.

J. Armstrong Drexel began the day's sport with an exhibition flight to try out his Bleriot, and a few minutes later he was followed off by Latham, and he shortly by DeLesseps.

Early in the afternoon the wind blew at the rate of 20 miles an hour, but as time passed it fell to practically nothing. Aloft it was found to be too great to make great altitude. Both Drexel and DeLesseps reported increase cold in the higher strata.

After flying in the baby Wright biplane from the railroad station to the course Arch Hoxey made a bad landing and damaged the machine. It was repaired in time for today's flights, however. Hoxey who is expected to take the world's altitude record from Johnstone while here, was unhurt. Summaries:

Hourly distance—Won by Latham (Antoinette), 10 laps (unofficial, there being a question of some pylons having been cut). No competitors.

Hourly altitude—Won by Drexel (Bleriot), 1,886 feet; second, DeLesseps (Bleriot), 1,722 feet.

Totalization of duration: Won by Latham, 47 minutes 31 seconds; second, DeLesseps, 30 minutes 42 seconds.

Standing of prize winners: Latham, \$6,500; Drexel, \$500; DeLesseps, \$500.

SELECT QUESTION FOR THE DEBATERS

Selection has been made of the question to be debated by the teams of the inter-school debating league. The subject was submitted by Zanesville and is: "Resolved: That the Federal Government should adopt a Graduated Income Tax with Exemption of incomes below \$5,000."

The first debate will be held the second Friday in March with Mt. Vernon at Newark. The team for this year's debate has not been selected yet but probably will be within the next two weeks. The Newark High school out of five debates has won four and the school is justly proud of the record. The debates have always been conducted under the direction of Prof. Herbert Patterson, and much credit is due him for the success of the contests.

AMUSEMENTS

AT THE ORPHEUM.
One of the best vaudeville bills ever presented in Newark, opened Monday at the Orpheum theater in the Arcade.

The program was featured by Rutan's Song Birds, an act that should be seen by every one during their engagement in this city. Rutan, a former member of New York's famous Trinity choir, assisted by Baby Dorothy, four years of age, and Baby Ellis, five, sang their way into the hearts of three large audiences on the opening date. Rutan has a magnificent voice and his two little baby assistants are marvelous, especially the little girl with her natural stage presence. They will materially assist in packing the house at every performance.

The Lafayette-Lamont company, the Chanteur Acrobats kept the audience convulsed throughout their act. It is one of real merit and being along new lines was thoroughly appreciated by all. The four members of the company are all artists in their particular lines and received encore after encore.

Tom Heffron, the one-legged comedian, is certainly deserving of the title of the king of mirth. Mr. Heffron is one of those jolly fellows whose affliction does not bother him a bit. He can do more with one leg than most men can with two, and as a fun maker he is certainly entitled to the blue ribbon. He had his audience with him from the start and the applause which he received must surely have been pleasing.

Mr. and Mrs. Harry Fielding in a screaming comedy sketch wound up one of the most evenly balanced bills appearing at the Orpheum for a long time. Mr. Fielding is a great favorite in this city and his work stamps him as a comedian of high class.

The Orpheum's picture was up to the usual standard and Manager Bassett advises all to call and secure seats in advance, as S. R. O. will undoubtedly be the order during the balance of the engagement of the present bill.

AT COLONIAL THEATER.

The subject of spiritualism, which has been of late drawing the whole scientific world from other pursuits to the most thorough investigation of its many phenomena, has engaged the attention of Richard Harding Davis, most versatile of our native authors. Out of the results of many years' inquiry into the various phases of the subject, Mr. Davis has built a powerful melodrama, "The Seventh Daughter," shortly to be seen at Columbus with a fine cast including Chrystal Hume and Vincent Sarano in the leading roles. Its story deals with a conspiracy by which three unscrupulous men of science and brains attack the immense fortune of an aged millionaire by playing on the old man's superstitions. The play abounds with tense dramatic situations, culminating in the magnificent climax of the third act, a scene representing a séance, at which spiritual materialization is attempted. The date of the presentation at the Colonial theater, Columbus, is Thursday, Friday and Saturday, and Saturday matinee, Nov. 10, 11 and 12.

'Time's Flight Turned Backward' SAGE AND SULPHUR Made Her Look Twenty Years Younger

READ MRS. HERRICK'S SWORN STATEMENT

STATE OF NEW YORK } ss
COUNTY OF MONROE }
ROCHESTER, N. Y.

Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long, dark brown hair which was the envy of my schoolmates, and which attracted the attention and remarks of strangers. As I grew older, my hair commenced to come out, just a little at first, but gradually more and more, and then began to turn gray. I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur Hair Remedy to try a bottle. My hair was quite thin and gray when I began using Sage and Sulphur, and you can imagine my satisfaction when I found that it was fast coming back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.

Subscribed and sworn to before me this 8th day of July, 1910.

EVENING FUNERAL SERVICES

Over Remains of Denison Student Held at Fifth Street Baptist Church.

The funeral services over the body of Edgar Heinrichs was held at 7 o'clock Monday evening in the Fifth Street Baptist church, and the services were largely attended by the students of Denison. Four weeks ago the annual flag rush was held at Denison between the sophomore and freshman classes, and in this rush Heinrichs participated.

He had been sick several days before the rush but went into it against the advice of his physicians. During the melee the sick boy climbed the flag pole and lowered the colors of his opponents. The next day he was found unconscious in his room. He was brought to the City hospital but he never left that institution.

At the services last night Dr. Emory Hunt of Denison presided and made a short talk. Prayers were said by Rev. T. G. Field, secretary, and Rev. Jos. A. Bennett, while remarks were also made by E. C. Roon, a well known athlete of the college, and C. E. Warner, president of the freshman class. Archie Adams, who was with Heinrichs in the missionary home at Newton Square, Mass., also spoke to the audience.

A delegation of 150 students from Denison attended the services in a body and marched behind the bearers, three abreast, to the Panhandle depot where the body was placed on a train and shipped to Newark, N. J., where the burial will be made. Both the parents of Heinrichs are missionaries and are stationed in India.
